Re: 2011 Fire Prevention Activities

Dear Saddle Creek CSD Property Owner,

STAFF

CHARLES MARTIN
DISTRICT MANAGER

Beginning in May 2011 the District began our annual weed abatement program.

GREG HEBARD
SITE MANAGER

In order to minimize fire danger and comply with Cal-Fire Regulations properties must be free of potential fire hazards such as weeds.

PHYLLIS RICHARDS
DISTRICT CLERK

In the event that you would like the District to handle weed abatements on your property, please send the completed "Request for Weed Abatement Services" form, which is included with this letter, with your check in the amount of \$50 (no cash please) for each lot to be mowed. Checks should be payable to "Saddle Creek CSD Treasurer", 1000 Saddle Creek Drive, Copperopolis, CA 95228.

DIRECTORS

CHARLIE ROBINSON
PRESIDENT

Should you desire to handle weed abatement activities yourself or through a private contractor, please make sure your property is mowed prior to July 16, 2011. Dependent upon growth (if the average height of the grass becomes greater than 6"), a second mowing may be necessary prior to end of the 2011 Fire Season.

STEVE MARSDEN
VICE-PRESIDENT

DARLENE DEBALDO
SECRETARY

SUE RUSS
DIRECTOR

Due to the high risk of fires in our community it is essential that proper prevention measures are completed on a timely basis therefore any property that has not been mowed by July 16, 2011 will be abated by the District and the owner will be billed a fee of \$50.00.

ROBERT KENYON
DIRECTOR

Please contact Maintenance Manager Greg Hebard or Maintenance Supervisor Ralph McGeorge at (209 785-0100) if you have questions regarding this matter.

Sincerely,

Charlie Martin, GM
Saddle Creek CSD
